

Krishna Servo Moly Wire EDM Machine

Features:

- 4 Axis CNC function
- Special Software of Brass Wire EDM machine
- X,Y Servo Motors & Drive, U&V - Subdivision motors
- High processing speed up to 220mm²/min
- Less power consumption (3kVA) (Single phase)

Easy Finance
Option Available

Advanced WEDM Software

Oil+Water Filtration system

| Specification / Model | DK 7735 | DK 7745 |
|---|----------------|----------------|
| Workbench Size (mm) | 760x490 | 850x590 |
| Travel X*Y (mm) | 450*350 | 550*450 |
| Maximum cutting thickness (mm) | 450 | 550 |
| Work table load (Kg) | 350 | 500 |
| Standard cutting taper (°/mm) | ±6°/100 | ±6°/100 |
| Diameter of wire (mm) | 0.1~0.2 | 0.1~0.2 |
| Optimum surface roughness(µm) | Ra≤1.0 | Ra≤1.0 |
| Processing speed (mm ² /min) | 100~220 | 100~220 |
| Electrical power consumption (KVA) | 3 | 3 |
| Weight (kg) | 1800 | 2050 |
| Dimension (L*W*H) (mm) | 1750x1750x2100 | 2050x2050x2300 |
